This letter is prompted by the Commission's preliminary review of the report referenced above. Your review raised questions concerning a receipt of funds from our connected organization. This receipt was not derived from our connected organization this receipt was a result of funds collected at our Convention in Las Vegas, Nevada in September 2001. In order to transport the funds from Las Vegas to Washington, DC a cashiers check was obtained made payable to Laborers' Political League. I believe we incorrectly reported the origination of the funds.

We are currently in the process of doing a manual check of all receipts received from individuals at our Convention to determine if they exceeded the \$200 contribution amount for any individual in 2001 and should therefore be reported. This will be a lengthy process but it is currently underway and some reporting has already occurred for individuals contributing by check. Should any of the \$31,205.00 need to be itemized we will do so upon completion of the review and file an amended report.

I hope the above provides an adequate explanation as we fully intend to comply with the law. Thank you for your assistance and forbearance.

Should you have any questions regarding this report please contact our Funds Administrator, Sharon Elkins. She may be reached at 202-942-2234.
